Clubs

Creating a Club

Clubs are one of the best ways to socialize, organize, and build your own community within Equestriacraft. Whether you're forming a competitive riding team, a cozy barn family, a business group, or just a circle of friends, clubs give you a shared identity and space in the server. If you're new and want to learn more about meeting other players and getting involved, speak to Estelle at the Vyheimyr Club Office.

📍 Location: 2623, 68, 2051

📍 Alternatively, use /compass to find it easily.

How to Create a Club

Once you've reached Apprentice Rank, you can create your very own club!

1. Visit the Club Office.
2. Speak to Sam at the registry counter.
3. Choose your unique club name.
4. Pay a small registration fee of \$5,000

Remember,

- All players can create a club once they reach Apprentice Rank.
- You may only own one club at a time.
- Club names must be 100% unique.
- Club names follow the same filter as the in-game chat to prevent inappropriate wording. Once registered, your club will appear on the public club list, visible to all players who speak to Sam.

Customize & Advertise

Want your club to stand out?

- Design your own Club Logo.
- Host events like club meetings, trail rides, or competitions.
- Advertise your club in the Discord Server.

Your club can be as serious, competitive, or relaxed as you want it to be. It is yours to get creative with!

Managing your Club

Managing your Club

Using the /club manage command, you can access a tab that will let you manage your club.

- The View Join Requests tab lets you see all the players who have requested to join your club and accept/reject their request.
- The Send Invite tab lets you send invites to players from the Equestriacraft community.
- The View Members allows you to see which players are a part of your club at that moment.
- The Edit Details tab lets you edit your club's the Name and Chat Tag.
- The Manage Ranks tab lets you create ranks (roles) for the members of your club, for example, owner, stablehand, host, organizer, etc. It also lets you assign those ranks to each member of your club separately.
- The Turn On Join Requests tab allows you to turn on/off join requests from other players in the community.
- Last, but not least, the Disband Club allows you to delete the club completely, but be sure you'd like to delete it; otherwise, you will NOT get the \$5,000 registration fee back.

Joining a Club

Joining a club

It's okay if you're not ready to lead your own club!

- Visit the Club Office and browse available clubs.
- Head to the #club-advertising channel on the Official Equestricraft Discord to find clubs recruiting members. You can use /discord in-game to join our Discord server.
- To join a club, the owner must send you an invite with the /club manage command, and then click on the Invite Members tab.

Why join a club?

Clubs give you the chance to:

- Build long-term friendships.
- Train and compete together.
- Create and share businesses.
- Host Events that can bring the Equestricraft community together!
