

Ventura Navigation

General Navigation

Many important locations can be found with `/compass`. This is one of the most useful tools for locating shops and service areas.

Horse carriage travel can also help players move between major points more easily.

Reaching Race Areas

Training races are mainly found in **Lunvara** and **Arynvahl**.

Players can reach these areas by using `/navigator`:

- University leads toward Lunvara
- Showgrounds leads toward Arynvahl

Important Service Locations

Several progression-related services are tied to physical locations, including:

- The Discipline Registry
- The Horse Registry Office
- Reynold's Grain & Forage Co
- The Pharmacy
- The Mane Stylist

Most of these can be located through `/compass`.

Quest Navigation

Quest objectives can also be tracked through the quest interface.

If a player cannot find a quest NPC or location:

1. Open `/quest`
2. Select the relevant quest
3. Press Set Compass Point

When actively on a quest, the minimap may also show directional markers or hints to guide the player
