

# Horse Care

Horses need daily care for their wellbeing

## To feed horses

↳ Purchase food and water from Equisentials and fill a bucket obtained through the creative inventory with your provisions via the Provision Tool. A bucket will take 3 oats to completely fill. You may also fill a water trough with water.

***horses do not need to be fed or watered to survive currently***

## To complete daily care

groom your horse with /h brush and pick its hooves with /h hoof-clean-tool
